Membership Levels

MEMBERSHIP	MEMBER DISCOUNT	QUALIFICATION
JADE	5%	Starting level - no minimum stay or spending
RUBY	10%	10 accumulated room nights OR THB 60,000 in qualifying net room spending
SAPPHIRE	15%	20 accumulated room nights OR THB 100,000 in qualifying net room spending

How Your Loyalty Rewards Are Earned

Your loyalty membership is based on the total number of qualifying room nights or accumulated net room spending at Palm Resort Krabi and Bliss Resort Krabi.

Qualifying room spending is calculated exclusively on the actual room price paid after all applicable discounts. No additional taxes or service charges apply.

Restaurant dining, beverages, transportation, excursions, massage treatments, and other additional services are excluded from loyalty calculations.

You can reach the next membership level by meeting **either** the required number of accumulated room nights **or** the corresponding net room spending threshold.

One Membership. Two Resorts.

All qualifying room nights and net room spending at either resort contribute towards your membership progression. Your membership is recognized at both properties, giving you the freedom to choose your preferred accommodation.

Example

If a room rate is THB 5,000 and a 10% member discount applies, THB 4,500 counts towards your qualifying room spending for that night.

Two Resorts. One Membership. More Reasons to Return.
